MILLENNIAL DAWN, VOL. IV., IN GERMAN.

Some months since we noted the fact that our German friends were urging its publication in their language, and were unwilling to accept our refusal. We finally offered that, if a sufficient number were ordered in advance, to amount to \$500, we would consider it the Lord's will to proceed with the matter and grant the request.

We are gratified to be able to state that the required sum has been subscribed. The translating is being done by Brother Pillichody of Switzerland and Sister Giesecke of Germany, and will then be criticized by Bros. Koetitz and Kuesthardt of this country. All this, and the typesetting, printing, etc., will require several months; but the work is already started. May the Lord's blessing attend it to the praise of his glory and the blessing of his people of the German tongue!

OUR NOVEMBER EXTRA.

The demand for our Sept. issue was so great that it speedily exhausted our 20,000 edition: so we got out another 40,000 edition of the same "*Parousia*" article and other matter as a Nov. 7th Extra, and sent a copy to each subscriber. You will not need it for your file and can give it to any friend *known to be interested in our Lord's second coming*. Send us addresses of others, and we will mail them samples, free.

"BIBLE TALKS IN SIMPLE LANGUAGE."

This book, described in our Nov. 7th issue, we find we can supply for less than stated: hence we are sending six of our booklets to each person who has already ordered, and will do the same with future orders.
