CONGRATULATIONS TO BRITISH FRIENDS.

We have pleasure in announcing to the friends in England, Ireland, Scotland and Wales that our London branch office is open at the address given above. It is or will shortly be well stocked with DAWNS, booklets, tracts and WATCH TOWERS. This will greatly convenience you all, we are sure, not only saving time but also postage, and permitting you to use domestic instead of foreign Money Orders.

Volunteer orders will be filled from there also and we hope to hear as a consequence of many fresh enlistments in this branch of the service.

Any who feel disposed to enter the Colporteur work in Great Britain are invited to write *there* for full instructions how to work, where to work, terms, etc., etc.

Friends there desirous of visits from "Pilgrims" to hold public and parlor meetings in Great Britain are also invited to write. Address all such letters to

WATCH TOWER BIBLE AND TRACT SOCIETY,

131 Gipsy Lane, Forest Gate, London E., England.

THE VOLUNTEER SERVICE.

This work is now nobly started and just in time, we trust, to see it well accomplished before July, when so many church attendants are apt to absent themselves for the summer. The brethren and sisters engaging in this service seem to be profiting by it spiritually themselves and it is difficult to conceive of any other form of preaching present truth that could be more effective. The fact that this matter is handed out by Christian gentlemen and ladies adds to the

weight and force of the matter circulated. The results cannot be even approximated this side the veil.

Order more "ammunition" as you find you will need it. We have a good supply now. But be careful, please, not to order more than you will faithfully and promptly use – for it is expensive. Letters on this subject should have the word "***Volunteer***" at the head, and "Order No. 2" or "Order No. 3" as the case may be. Initial orders should invariably be made out along the line mentioned in March 1st TOWER.
