PROGRESS OF THE CAUSE IN GREAT BRITAIN.

The Lord's blessing attends the British Branch. Four colporteurs are at work there with good success. Brother Henninges writes of their work thus, – "The results of their labors for the last two months show that any one of average intelligence and activity can, with the Lord's blessing, sustain himself in the work. Give a clarion call from the WATCH TOWER for more laborers for this great field, advising would-be laborers to write to the British Branch for terms, territory, etc."

Respecting the "Volunteer" service Bro. H. says, – "The Volunteer work is progressing well; particularly in this city (London), where we have so far put out 14,000 copies. The work is going on in four sections of the city. Yesterday was the first day on "double turn" (A.M. and P.M.) and the total number of copies of the Volunteer TOWER distributed was 4000. At this rate we shall soon be obliged to call on you for funds for another 100,000 edition."

Our Society has just rented a very desirable meeting place where Sunday meetings will be regularly held. It is a public hall opposite the Great Eastern Ry. station, and near Wansted Park station of Midland Ry. The entrance is No. 79 Woodgrange Road, Forest Gate, London E. All who trust in the precious blood of Christ will be cordially welcomed. Seats free. No collections.

THE COLPORTEUR WORK AT HOME.

We have had many additions to this service lately, but still there is room for consecrated laborers. The harvest is great, the laborers few, comparatively, and the time is short – "the eleventh hour." Write us for particulars if you have the desire and the opportunity to thus "preach the Word." **page 210**
