"ZION'S GLAD SONGS."

OUR dear Brother McPhail, who has quite a talent for music, has collected a number of new and beautiful hymns, – the music to the majority being his own composition. These, fifty-four in number, are well printed, and appropriately bound in paper covers, – price 10 cents each, or \$1 per dozen, *postage free*.

This little book, entitled "Zion's Glad Songs," has another feature which we are sure will be appreciated by many, viz., the addition of the *music* for twenty-eight old tunes, long, short, common, and peculiar meters. These are inserted in the interest of our regular hymn book, "Poems and Hymns of Dawn," the tunes of the remainder being copyrighted.

It is not at all the thought that the new book will supplant the old one; for many of the grand old hymns cannot be equaled by any new ones, either in words or tunes. The thought is to make it supplementary. As such we recommend it to you all. Our first edition of 6000 is now ready and orders will be filled as received.

THE VOLUNTEER WORK.

This branch of the service has lagged a little during the hot weather, because of small attendance at church services. Now that cooler weather has come we expect that it will revive. Some who have finished their own cities are branching out – endeavoring to serve nearby towns. This is commendable. Every faithful soldier of the cross is sure to receive blessings both now and hereafter from "the Captain of our salvation." Let us be faithful. **page 274**

"Lift high the royal banner, It must not suffer loss."
