

BIBLE STUDIES FOR JUNE.

BELOW we announce the prepared lessons for June. Word reaches us that the dear friends who have adopted these studies are growing more and more interested in them. They open up so thorough a study of the topics and give all opportunity to participate that they supply more "meat," more spiritual nourishment, than can generally be obtained in the same time.

We recommend these studies for *one* of the meetings you usually have or for a new meeting if those now held are all too good to be displaced. Something of this kind is surely needed to refresh the mind along lines already partly understood.

The topic is quite sufficient for one session each on the four Sundays of June – say four questions or so each. If possible have each one who can and will read distinctly take a part. For instance, five could share in the first question, three in the second, three in the third, three in the fourth, thirteen in all. If there are fewer than thirteen willing to take part, give more than one reference to the more competent. In no case should an indifferent reader be given a lengthy selection or reference. The success of the study depends greatly on the wisdom of the leader, who should apportion the references the Sunday previous to the meeting, and assist the friends every way as a true "under shepherd," seeing that ample opportunities are afforded for the reverential investigation of each topic. The leader should briefly sum up the findings of the class on each question before proceeding to the next, and in conclusion should summarize briefly all the questions and the Scriptural answers found. These are the Sunday evening lessons of the Allegheny Church at the Bible House Chapel.
